PRESTEL . . . . .

"ON-LINE" is becoming something of a buzzword with many radio amateurs. Home micros, which have been used for RTTY, CW, AMTOR, log-keeping and other duties in the ham shack, are being hooked up to the telephone network. Many amateurs subscribe to Prestel and take advantage of the electronic mailbox (MBX) facilities.

Listed below are some MBX numbers of local amateurs known to be on Prestel. Let your editor know if you have been omitted and would like to be included in the list.
